

SANATH MANAF

Node JS Developer

I am a self taught Node js developer and passionate about creating user-friendly and visually appealing experiences. I specialise in Node JS Express and MongoDB, but I also have experience with other technologies such as HTML5, CSS3, JavaScript, JQuery ,AJAX and more. I am always looking to learn new technologies and stay up to date with the latest trends in web development. My goal is to create products that are not only functional but also aesthetically pleasing.
